Thank you for the confidence you have instilled in me as your President of Professional Insurance Agents of Nebraska and Iowa for the 2020-2021 term. After being on the PIA board for many years, it is clear to me that Nebraska and Iowa have a great group of independent agents who are passionate about our industry.

The most important asset any organization can have are its members. The members of PIA are some of the finest insurance industry professionals who continue to collaborate to enhance the quality and viability of our industry. I would encourage you to get involved in PIA through your participation in events, CE courses, committees, and convention. Although Covid-19 has made our networking events much more challenging, we encourage you to continue to be involved. Encourage other agents you know to join PIA. Younger agents, especially, need to be involved & active in the association to help perpetuate the industry for many generations to come. The PIA continues to be “your voice” and advocate for you in Washington & also at the state level.

I'm glad I made the decision to be an active member of PIA. The people I've met by being involved has been the best choice yet as an insurance professional. I've grown as an individual on the educational side as well, not only through the many education courses offered by PIA of NE/IA, but from my peers that have been faced with many of the same challenges that we deal with day-to-day in insurance. Knowledge is key and vital to being a professional insurance agent.

Please let us know at PIA of NE/IA how we can help you in the growth and prosperity of your agency. Hope to see you soon at a PIA event!
